Dear Mr. President:

On June 5th and 6th 1992, the parliamentary elections are going to be held in Slovakia, Moravia-Silesia and Czechia. It is more than probable that the resulting new Slovak National Parliament will declare the Slovak Republic a sovereign state.

This would be the third attempt of Slovak nation in modern history to liberate itself from the foreign oppression. The First Declaration of Independence of Slovakia (from Hungary) occurred on September 19, 1848.

Slovaks consider "Czechoslovakia" a Czech empire and the last Stalinist state structure in Europe. Historically, Czechs have ignored all Slovak-Czech agreements on equality and/or sovereignty of Slovakia - Cleveland Agreement, 1915; Pittsburgh Agreement, 1918; Slovak Autonomous Republic, 1938; Košice Agreement, 1945; Federalization of Czechia-Slovakia, 1968). The result is that Slovaks do not trust Czechs anymore!

The identity and emancipation of Slovakia is still denied even today, after the demise of the Soviet Union and Yugoslavia, by "democratic" Prague government. The name "Czechoslovakia" makes no sense. Indeed, Slovakia is the last political prisoner in Europe.

The psychological and economical war that Prague wages against Slovakia has recently intensified. Prague, through the information media it controls, portrays Slovakia,

especially Slovak patriots, as fascist, nazi, communist and antisemitic hooligans - all in one breath. The Czech imperialists, in order to retain their colony Slovakia, are demonizing freedom loving Slovaks in the eyes of the world. Like Goebbels, they repeat their lies a hundred times...

Thus preparing the world for eventual invasion of Slovakia by the Czech "federal" armed forces.

The Czech imperialists have already separated all the modern weapons and the air force from Slovakia and transferred it to Czechia and Moravia.

We only hope that the Czech imperialists would behave in a somewhat more civilized way than Serbs.

The Czech army invaded Slovakia once before on the eve of the WWII (the night of March 9-10th 1939) to the great pleasure of Hitler. Czechs at that time deposed a democratic, legal government of Slovakia and imprisoned all Slovak leaders.

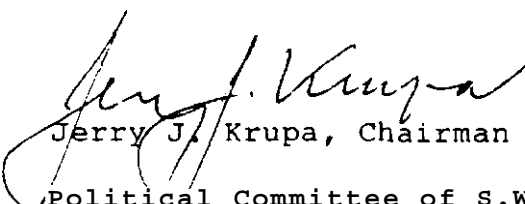

Thank God, today there is no Hitler's Germany and no Stalin's Soviet Union. Europe is free and democratic. We trust that the U.S.A., democratic Europe and the United Nations will stand by a democratic, sovereign Slovak Republic.

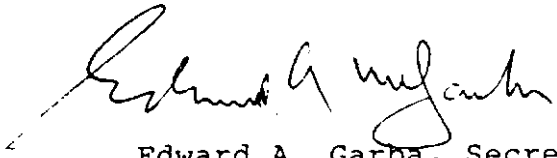

When the Slovak Parliament declares a sovereign Slovak Republic, please act swiftly in giving recognition to and acceptance of the free Slovak state.

We hope that peace will prevail and that all nations of Europe will cooperate together as close as possible. Europe and the whole civilized world must stand resolutely against any aggression. The integrated Europe consisting of all free nations from Atlantic to Pacific is our dream.

Enclosed you will find the Memorandum on Slovakia, worked out by the Benes' Czech National Socialist Party. It is a program of destruction of Slovak nation that Prague governments have practiced faithfully from 1946 to the present time.

Very truly yours,

Jerry J. Krupa, Chairman
